

INTRODUCING THE
INSPIRE

COMPUTING AT THE SPEED OF INSPIRATION

PRESS RELEASE OCTOBER 24, 2017

Azulle announces the release of its top-of-the-line Inspire Mini PC. With an expandable storage space and up to 32 GB of RAM, Azulle's latest targets users who require high-velocity processing rates for their applications.

"Graphic designers, video producers, finance and accounting professionals will find the Inspire moves ahead of the competition on nearly every performance point." -*Khurram Bukhari*, Marketing Director. With similar specs at a better price point, our goal is to provide the customers a powerful Mini PC that competes with the Intel NUC on every level".

LET'S TAKE A CLOSER LOOK!

Azulle offers the Inspire PC with four variant processors. You can purchase the Inspire with either a:

- Quad-Core Intel Apollo Lake J4205
- Dual-Core Intel Kaby Lake i3-7100U
- Dual-Core Intel Kaby Lake i5-7200U
- Dual-Core Intel Kaby Lake i7-7500U

4K

GPU INTEL HD 620

Capable of rendering many of the popular game titles and movies with 4K streaming. Equipped with an HD Graphics 620, the Inspire is capable of DirectX 12 gaming.

CONNECTION

The Inspire supports Ethernet LAN connection (Gigabit), as well as 2.4Ghz and 5.0Ghz dual-band Wi-Fi, providing wider bandwidth and less interference. Use Bluetooth 4.0 with improved technology that helps everyday gadgets stay paired longer while using less power. In addition, Bluetooth 4.0 empowers a new class of gadgets such as fitness trackers, medical devices, key fobs for your car, and even home lighting controls.

STORAGE

The Inspire PC is a barebones system, which gives consumers the option to add their own storage, such as an M.2 card and/or a 2.5 SSD or HDD.

PORTS

The Inspire pushes the limits with a multi-port layout.

- Display Port- 4K @60 Frames Per Second
- HDMI- 4K @60 Frames Per Second
- Serial Port- DB-9 connector (9 pins, D shape)
- Micro SD card- Up to 256 GB
- USB: x3 3.0 Port, x1 Type-C

APPLICATIONS

DIFFERENT USES FOR THE INSPIRE

Whether performing high-speed spinning kicks in the latest games, rendering graphics in real-time for 3D printing, previewing edits of life-like high-impact CGI movies, or performing business intelligence analysis on big-data sets, the compact Inspire is a truly muscular centerpiece of any computing platform.

ADOBE

Capable for a wide range of tasks including photo editing, graphic design, typography, illustration, 3D modelling and animation.

QUICKBOOKS & PEACHTREE

You can easily utilize accounting software like QuickBooks and Peach Tree.

AUTOCAD

Architects, engineers, and construction professionals can use the innovative design tools in AutoCAD software to create precise 2D and 3D drawings.

INTERNET OF THINGS

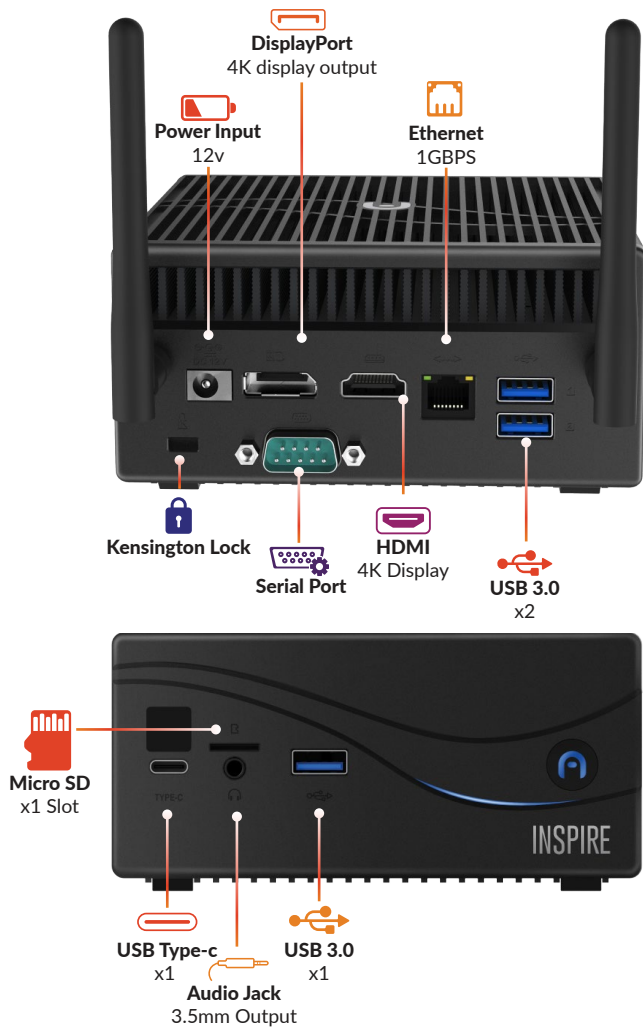

Connect the physical world to a computer or mobile device via the Internet. The Inspire PC is able to control devices, which include home appliances, door locks, doorbells, thermostats, lighting, security cameras, heating and air conditioning.

GAMES

The best PC games available today deserve to be played on computers that have the power to deliver all the excitement and action without interruption. Not only does the Inspire let you play AAA console hits like Dark Souls 3 or Street Fighter 5, but you can also enjoy games as Starcraft 2 and League of Legends.

SPECIFICATIONS

Processor Variations	Dual-Core Intel® Kaby Lake i3-7100U Dual-Core Intel® Kaby Lake i5-7200U Dual-Core Intel® Kaby Lake i7-7500U Quad-Core Intel® Apollo Lake J4205
BIOS	Wake On LAN/ PXE/Auto Power
RAM	Max up to 32 GB DDR4 (i3, i5, i7) Max up to 8 GB DDR3L (J4205)
Storage	2.5" SSD Supported, M.2 Supported
GPU	Intel HD Graphics 620 (i3, i5, i7) Intel HD Graphics 505 (J4205)
Wi-Fi	Dual-Band 2.4 Ghz / 5.0 Ghz
Ethernet	1 Gigabit
Bluetooth	Bluetooth 4.0
Display Port	x1 Port, 4K at 60 FPS*
HD Output	x1 Port, 4K at 60 FPS*
USB Ports	x3 3.0 Port, x1 Type-C
SD Card Slot	Up to 256 GB
M.2. Slot	NVM (PCIe) (i3, i5, i7) AHCI (SATA) (J4205)
SATA Slot	Yes
IR	IR Control
Audio Output	3.5 mm Jack
Power Supply	12V
Dimensions	4.9 in x 4.9 in x 1.9 in

The Inspire will officially release November 2017.

The Mini PC will retail at \$269.99 for the i3, \$334.99 for the i5, and \$449.99 for the i7.

ABOUT AZULLE

We are a U.S. based technology company that came together based on the principle that technology should be more accessible and fulfill the various needs of people. What started as a small group of individuals in 2013 with a single product is now becoming one of the fastest growing major PC companies in the world. How did we do that? We worked closely with our customers and learned about their day-to-day challenges and obstacles, which helped us in developing effective solutions that make technology simpler and easier to use. With the support and loyalty of our customers, Azulle continues to grow across all geographies and customer segments for mini PCs, PC sticks, and accessories.

CREATE – ENHANCE – INNOVATE... TECHNOLOGY INSPIRED BY REAL PEOPLE.
